Helpful Packing Tips

- Pack layers as temperature can change from day to evening.
- Label all personal items.
- Don't overpack! You must be able to carry your own luggage. A suitcase and a backpack are sufficient.
- Many places have implemented 'clear bag' policies. Pack a clear bag if you have one.
- Pack snacks for your travel days and your hotel stay.

If Traveling by Airplane

- Be sure to follow the TSA restrictions on the amount of liquids or gels that can be packed in carry-on bags. You can bring a single 1-quart-sized zip-top clear plastic bag with 3.4-ounce bottles or less.
- To avoid checked bag fees, pack a carry-on suitcase and a backpack.
- Adults (18 years and older) must carry a photo ID (driver's license, ID card, passport, etc.) that matches the name on your ticket.
- Food service on planes and in airports may be limited, so be sure to bring snacks.
- Pack prescriptions and essential items in your carry-on and consider bringing extra with you in case of emergency.
